

JACOBSON RED ANGUS

ANNUAL BULL & FEMALE SALE

THURSDAY, MARCH 19TH, 2026 1:00 P.M. CST

Same Reliable Program... New Exciting Genetics

60 RED ANGUS BULLS

12 RED ANGUS HEIFERS

Put your program in motion with Jacobson Red Angus Genetics!

HITTERDAL, MINNESOTA

Same reliable program, new exciting genetics...

Our goal to slow things down at home is still on our minds, but we can't help but continue to do the thing we love. Not to re-invent the wheel, but we are now without partners and are doing it all on our own again. We still are raising cattle with the same philosophy that we had 30 years ago, only with a few modifications for the times... we are not raising as many cattle but the quality keeps getting better.

Our genetic focus has always been on the Red Angus female, and now we will enhance our focus on traits like calving ease, heifer pregnancy, stayability and high quality carcass traits. We would like to become one of the premier providers in the midwest for low birth and convenience trait cattle with carcass traits in mind. With that goal we have been infusing our herd with outcross genetics from the Angus gene pool and those genetics are starting to show up with a red hide.

Another project we have enjoyed here at Jacobson Red Angus is supplying quality Red Angus influenced beef to the local consumers and businesses. We are currently supplying beef to a few restaurants and always have locker beef available for sale. We encourage you when your in the area to head on over to Spankys in Frazee, MN and enjoy some good Jacobson beef.

As always we stand behind our cattle 100% and our word is our guarantee!
Thanks again for your interest in our program.

Sincerely,

Jake & Val

Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

RED ANGUS GUIDE TO EPDS

RedAngus.org

ProS..... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

HB HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

GM..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

CED..... Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

BW Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

WW Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

YW Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

ADG..... Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

DMI Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

MILK Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

ME Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

HPG..... Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

CEM Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

STAY..... Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

MARB.... Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

YG Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

CW Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

REA Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

FAT Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

Our Reference Sires...

PIE Hollywood 222

Born: 1/22/22 Reg#: 4702973

The record setting \$400,000 high selling bull from Pieper's '23 sale, Hollywood has off the charts growth and carcass traits.

10 SONS & 1 DAUGHTER SELL!

In Loving Memory...

John Buer

2/15/1960 ~ 5/2/2025

We were saddened to hear of John's passing last spring. He was one of our most loyal customers, and more importantly he was a dear friend. He purchased his first Jacobson bulls back in 2004, a total of 141 bulls to date, and he bought them all sight-unseen on Gary's recommendations with the exception of one year when he attended the sale and then complained... "I paid too much for those bulls!"

William "Bill" Schermer

4/3/1953 ~ 10/16/2025

Bill was a loyal friend and a great supporter of Jacobson Red Angus. He always attended the sale a couple of days early to study the offering and spend quality time with Gary, Val and the crew. We will miss his happy demeanor and his familiar greeting... "Hello, how are you my friend?"

Buer Red Angus...

trailing heifers home at the ranch in Meadow, SD.

Producing Red Angus genetics with sustainability... for over 30 years!

Lots 1-56

Purebred Red Angus Bulls

"When you're in this business, you know when you have that special calf crop... Jacobson has that crop of bulls!"
Seth Leachman

Jacobson Shining Star 5037... this stud has a very bright future!

- Here is one of the best bulls that will sell anywhere in the country this year! Shinning Star 5037 is loaded with performance, muscle and eye-appeal, and on top of that he ranks among the elite top 1% of the breed for WW, YW, CW, REA and GM.
 - His sire, PIE Hollywood 222, took the breed by storm back in '23 when he sold for a record \$400,000. Now the search is on for his best son... this guy is at the top of the running!

- Wow what a bull! Centerstage 5086, has passed every audition he has faced with flying colors. He sports one of the most balanced sets of data, with a -3.4 BW to 126 YW spread, and an unreal carcass scan, with ratios of 115 for IMF and 109 for REA.
- He was bred to be a star, combining some of the most proven talents in the breed like his paternal lineage coming from the famed Abigrace tribe through 0105, a Quarterback daughter out of the famed Abigrace 636D cow who is a full sister to 9 Mile Franchise, also found in his maternal tabulation.
- His dam, Heidi 9136, is our most elite young donor sired by Franchise and out of the famed Heidi 2099 cow who produced bulls like Jacobson Freedom 4056 and Jacobson Weigh Out 6171. 9136's accomplishments include the Jacobson Gaucho 3029 herdbull at Westphal's in MT, and Heidi 2040, the powerful donor dam of Lots 5 and 6.

Lots 5 & 6... Hollywood sons out of Heidi 2040!

**Jacobson Kalli 0002...
her 7 Awestruck sons are something to behold!**

- When you walk into this set of bulls, the first thing everybody asks is... "What is that 2yr old bull doing in here?"... Outstanding 5009 is that powerful and mature! You will be hard pressed to find another bull anywhere in the breed that can stand next to this man amongst boys.
- His sire, Awestruck 3071, was the cover boy in Berwald's '24 sale where he commanded \$110,000 to Lazy D Red Angus in Williston, ND. He combines the Abigrace cow family on both sides of his pedigree with his sire, Commander, and his dam, 1133J, a powerful outcross daughter of SAV Territory.
- His dam, Kalli 0002, earned a spot in our donor program after she posted a 104 MPPA with a 104 AWR and 107 AYR on her first four calves. Her progeny include a pair of daughters now residing at Berwald's in SD, and the powerful Jacobson Varsity 3095 that sold to Rough Diamond Ranch in NE.

Lots 10 & 11... Awestruck x Kalli 0002 sons with plenty to offer!

- Lot 11 is a super deep ribbed, soft made Awestruck x Kalli 0002 bull that posted a 5.04 IMF with a 124 ratio! His carcass numbers rank in the top 8-14% for Marbling, YG, CW and REA. Be sure and check out all these full brothers, including a pair coming up as Lots 33 and 34.

Lots 12 & 13... the first Jacobson Gaucho 3029 sons to sell!

**Lot 12...
ranks in the
top 8% for both
Herdbuilder
and Pro\$!**

- Vaquero 5006 is one of the best all-around bulls in the offering. He jumped through all the hoops posting indexes of 114 WR, 110 YR, 145 IMF and 117 REA! His dam, Rita 1079, is royally bred, stacking Rito 3115, Seneca, Defender and Independence. Last year a maternal brother sold to Anthony & Amanda Thorsvig from Detroit Lakes, MN.

- Thirteen might be an unlucky number but not in this bull's case! Here is one of the good, complete bulls in the offering and he is stacked with maternal and carcass goodness. His dam, Sadie 2020, is one of our favorite young donors sired by the \$150,000 PIE Captain 057 and out of the same dam as Mechanic. A maternal brother sold last year and was one of the last bulls John Buer purchased. We look forward to continuing our relationship with son, Yancy.

Jacobson Sadie 3133... the donor dam of Lot 14!

- **Opportunity 5030 is a unique outcross bull with a great look and unreal carcass genetics... he boasts numbers in the top 1-4% for Marbling, CW, REA, Gridmaster and Pro\$.**
- **His sire, LASO Mar-A-Lago F60L, was the top selling bull in Lautenschlager's '24 sale, going to Berwald's in SD, and Barenthsen's in ND. This outcross son of Duff No Regrets is out of a Spur Franchise of Garten dam going back to the famed Abigrace tribe.**
- **His dam, Sadie 3133, is the result of a very successful flush we made with Sadie 7122 and Complete. This powerful donor is a maternal sister to Jacobson Mechanic 9118, as well as full siblings at Berwald Red Angus in SD, Hillinga Cattle in IA, Scott Bauman in SD, Hillside Angus in MN, and Schafbuch Red Angus in IA.**

Lot 15's full sister, Berwald Abigrace 5016, sold in the '25 ND Red Select Sale for \$43,000.

- **Definitely 5133 is an exciting herdbull prospect that brings a unique outcross pedigree along with great data and a killer look! He posted an impressive ultrasound scan, with a 103 IMF ratio and 116 REA ratio.**
- **His sire, Absolute K94, was the top selling bull in Smoky Y Ranch's '23 sale, going to TJS Red Angus in MT and Berwald Red Angus in SD. This outcross son of Stark 67G is making waves this spring with some of the most sought-after progeny in Berwald's and Shick's spring sales.**
- **The dam, Abigrace 2024, is one of the premier young matrons in the breed and a top donor at Berwald's. She is a Complete daughter out of the famed Abigrace 0018 donor that has generated well over \$500,000 in progeny. This winter, a full sister to Lot 15 sold for \$43,000 to Leland Red Angus and Koester Red Angus in ND, and there is also a full brother that is a top prospect in Berwald's upcoming spring sale. Be sure and check out Jacobson Big Wheel 5096, a full brother to Abigrace 2024 that sells as Lot 16!**

- Here is a genetic package that has worked time and time again! Big Wheel 5096 is an exciting Complete son out of Abigrace 0018 that has been identified as a great calving ease carcass minded prospect.
- His dam, Abigrace 0018, is fast becoming one of the most influential matrons in the breed. With over \$500,000 in progeny, she is a powerful Quarterback daughter out of Abigrace 636D, the popular full sister to 9 Mile Franchise 6305. 0018's full siblings include the 0019 donor at Hansine Ranch, and the 0105 donor at Pieper's that is the dam of the \$400,000 PIE Hollywood 222.
- This Complete x Abigrace 0018 mating is no fluke... it has worked before. Full siblings reside in herds like Glienke Red Angus in IA, Griffin Red Angus in IA, Twedt Red Angus in ND, TA Cattle in NE, Lautenschlager's in WA, and Sandhill Red Angus in MT.

Lots 17 & 18... Berwald Complete 2023 sons out of Sadie 7122!

Jacobson Cedar 4085... Lot 23's granddam
pictured at 12 years of age she still has a few years left in her!

- Double Down 5099 is a dark red, long spined bull that will definitely catch your eye with his outstanding performance and design. He posted an impressive 754 AWW, 1356 AYW and 16.6 REA. He stacks two of our favorite cows with Sadie 7122 and Cedar 4085.
- His dam, Cedar 2297, is a young PIE Captain daughter out of Cedar 4085, the Mtn Sign daughter that has been one of the most influential cows in our program. Just this fall, she had 8 or 9 daughters in production in the herd, including the dam of Lot 25.
- These are the first bulls to sell sired by Jacobson Double Source 3231, the powerful PIE Resource 1252 son out of Sadie 7122 that sold in our '24 sale to Berwald Red Angus in SD.

Lots 24 & 25... performance packed sons of Jacobson Double Source 3231.

**Lot 24...
741 AWW
1305 AYW
16.5 REA!**

- Lot 24 is one of the top performers in the offering, posting a 741 AWW and 1305 AYW with a 16.5 REA. He ranks in the top 6% of the breed for WW and the top 3% for YW. His dam, Fucha 3050, raised him on her first effort. She is a Captain daughter out of Fuchia 1025, the full sister to Wrencher and Repairman that is also the dam of Lot 19.

- You will not find a nicer made heifer than this blood red beauty! Heidi 5015 has a star-studded tabulation to go with her good looks, stacking Completely on top of a Guidance daughter out of Heidi 7163, the powerful donor that is also behind the Hollywood sons that kick off this sale as Lots 1-3.

Lots 66 & 67... what could be more complete than this pair by Completely!

Lot 66...
*the kind that
 makes for good
 mama cows!*

- Cedar 5019 is another outstanding Completely daughter with a 19 CED, -5.1 BW, 27 Milk, and 0.58 Marbling EPD... all numbers that bode well when designing great maternal females. Maternally she is out of a daughter of Jacobson Bona Fide 9117, the 5L Real Deal son out of the famed Heidi 2099 cow that we sold to our good friends, Pat and Karen Brodeen, in Cook, MN.

SALE TERMS & CONDITIONS

1. BIDDING

The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

2. TERMS

Terms of sale are cash unless satisfactory credit arrangements have been made with Sale Management prior to sale.

3. PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold, but it shall be the obligation of the Seller to see that animals are fed and cared for free of charge to Buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

4. HEALTH

All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal requiring tuberculosis and brucellosis tests in accordance with Federal Regulations.

5. ANNOUNCEMENTS

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

6. DEFAULT

In the event the Buyer defaults on payment, the Buyer shall be responsible for all costs, including attorney's costs, incurred by Sale Management or Seller in connection with collecting, or attempting to collect, payment due.

7. BREEDING GUARANTEE

All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

8. CONTRACT

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

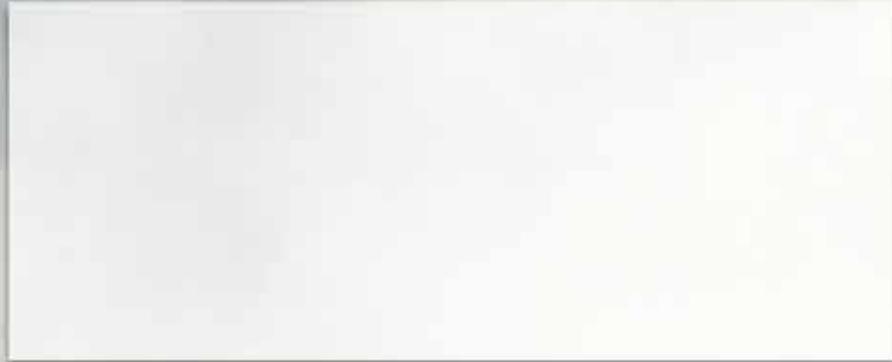

9. LIABILITIES

All persons who attend the sale do so at their own risk. The seller, the sale manager, and the auction facility assume no liability for accidents that may occur. It is to be clearly understood that the sale manager and their representatives act only as a medium between the buyer and seller.
